

# Wireless Phone Chargers

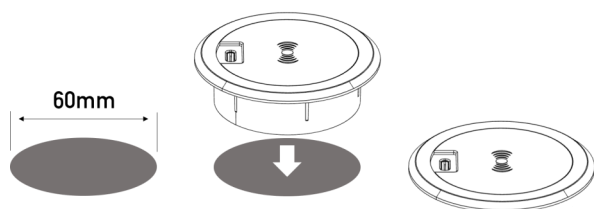

## 10 to 15 Watts with USB

**SARGENT**  
wired for innovation

The WX series chargers are ideal for leisure vehicle applications, providing both wireless and wired charging of compatible Android & iOS smart phones at up to 15 watts. The units are designed for recess mounting into furniture to provide convenient counter top charging. They can be powered directly from a 12 volt leisure battery or from a 230V mains supply using the optional power adaptor.
